

Dorset Primary Care Clinical Research Group

DO YOU HAVE TYPE 2 DIABETES?

**Would you be interested in helping
in a new research study?**

**This study is to help us understand the use of the
FreeStyle Libre 3 glucose sensor to improve glucose
levels in people with Type 2 Diabetes**

To join this research study, you must:

- **Be aged 18 years or over**
- **Have Type 2 Diabetes**
- **Use long acting, background insulin & other
glucose lowering medications known as SGLT2
inhibitors or GLP-1RA**
